

Dear Clients,

We trust that you all are continuing to be well during this exceptionally difficult time for our world.

At Lilly's Cleaning Service, Inc. the health and wellness of our clients and our employees is at the forefront of every decision we make and for that reason we are working to play a constructive role in containing the COVID-19 coronavirus in our community.

With continuing guidance from the CDC and local public health authorities, we are closing our office effective Monday 3-23-2020 to allow our employees the required time to stay healthy and off the streets. We will evaluate in two weeks what to do and we will notify all of you accordingly.

We deeply appreciate that some of you had sent the cleaning payment even though the cleaning wasn't done...THANK YOU. It will be passed on to the employees.

We look forward to the day in the near future when we can continue taking care of your cleaning needs because we truly believe that a clean house is a healthy home.

May your heart and life be filled with peace and health.

From my heart to yours THANK YOU for being our loyal clients!!!

Liliana Loether  
President  
Lilly's Cleaning Service, Inc.
