Can you accept the notion that once you change your internal state, you don't need the external world to provide you with a reason to feel joy, gratitude, appreciation, or any other elevated emotion?"

Dr Joe Dispenza

December 2021

Our very dear Client,

I am holding you with love, joy and an open heart.

Here we go, closing 2021 and flowing into an unknown 2022, and as I do, I see that for the most part I kept my 2021 resolution alive. More and more I am observing my thoughts, and choosing them has become a habit that I nurture with passion, since I see the peaceful effects that it has in my daily experience.

I have noticed that when I wake up from a trance where I got lost in feelings

that do not serve my inner sate of peace and freedom, I have to consciously create thoughts that generate the feelings that serve my evolution and keep me within my chosen path of harmony between my heart and my brain. Yes, after all we are the observer.

I love sharing who I am with you guys because you are part of Lilly's Cleaning Service, and when I open my heart to you and I make a commitment, it helps me to keep it. So, THANK YOU for being part of my sacred path.

I believe, you and I, are TRUTHFULLY GRATEFUL to the humans' beings that clean our homes and take away this important task from our hands, giving us peace of mind and free time to enjoy family, friends and life.

I know our office staff has been completely dedicated to you and our employees, to be sure everything works like a clock. So, from our hearts to theirs, THANK YOU, for keeping the wheels turning.

And so, I also want to express my PROFOUND GRATITUDE to the rest of our team, accounting, marketing, insurances and to myself for keeping everything working together, in a timely manner, in order, and continuing to roll into a bright vision of peace, love, joy, abundance and freedom for all.

What a professional, experienced and loving team!!!

To all of us... THANK YOU for an extraordinary 2021, its challenges and glories.!

Above all, We are One and Many. We are the Ocean and the Drop. And I see YOU!

I love you all.
