"Gratitude is the ultimate state of receivership."

"If you can bring up the emotions of appreciation or thankfulness, and combine it with a clear intention, you are now beginning to embody the event emotionally. You are changing your brain and body. Specifically, you are chemically instructing your body to know what your mind has philosophically known. "

"Gratitude becomes the emotional signature that the event has already happened"

*Our very dear future Client,
May we be kind.*

HAPPY THANKSGIVING!

*I am so **DEEPLY GRATEFUL** for all I have received and created throughout of my life, including my biggest challenges, fears, doubts, insecurities, pains, failures, lesser emotions. They have allowed me to observe the love, joy, peace, abundance, and freedom that I continuously pursue and live for.*

*I am **DEEPLY GRATEFUL** to myself for choosing, when I am conscious, the thoughts that create my feelings that evolve into my actions, finally creating my personality and ultimately my reality, my destiny. I feel compassionate when I see myself, Lilly, in this endless process with its ups and downs, judging herself for failing and getting up to start again. I just love her, **THANK YOU** for not giving up.*

*I am **DEEPLY GRATEFUL** for all the people that have played a role in shaping who I am today; thanks to their contribution I keep working in the person that I visualize when I close my eyes and let go my external world.*

*I am **DEEPLY GRATEFUL** to all the people who have contributed to the continuous development of our Company, like Angela, whom for personal reasons has departed from us. We wish her the best of the best.*

*I am holding you in my heart with **DEEP GRATITUDE** and appreciation for considering Lilly's Cleaning Service, Inc. as your cleaning needs provider. It comes back to you multiplied with love, joy, peace, abundance, and freedom.*

IT IS!

Above all, We are One and Many. We are the Ocean and the Drop. And I see YOU!

I love you all.
