February 2023.

*Dear Future Client,
May we love and be loved!*

*In the month of January, each of our Office
Staff members, and I am one of them, were
called to assess our personal results during the
last semester of 2022. By doing that, we were*

able now to project the new goals for the 2023 first semester. GREAT JOB TEAM!

I am so proud and grateful for the performance, and great contribution to the growth of our Company, from each of our associates and support teams: technical, insurance, financial and marketing, and our board of directors. THANK YOU!

Here is our accountability:

We Make a Difference

In Every Room, Every Visit our Cleaning Technicians have been trained to perform

Detailed Top to Bottom Cleaning Services and are accountable for it.

Crew Supervisor on Site

We have a Crew Supervisor on site, in each cleaning, all the time, who is accountable for the quality of the cleaning each visit.

General Supervisor and Trainer

We perform Routine Cleaning Quality Inspections done by our General Supervisor and Trainer, who is accountable for the consistency and high-quality cleaning that all crews are delivering to you, for keeping our cleaning results as high as our quality cleaning standards. Our Crew's incentives programs include the cleaning rates determined by our General Supervisor and Trainer. Less than 95% rate disqualifies a crew for the incentive.

techniques and procedures, so nobody is left behind.
